

SOSBEE'S PROCLAMATION

1-8-02

Whereas the present government of the United States (feigning leadership) openly and without the slightest pretense of respect for human life and in complete disregard for universally accepted standards for basic human rights, engages under color of its national flag in murder, torture, imprisonment and terrorist practices against the peoples of the world, **NOW THEREFORE SHOULD BE DECLARED AND HEREBY IS DECLARED A CRIMINAL AND ILLEGITIMATE REPRESENTATIVE OF THE PEOPLE OF THIS COUNTRY (THE UNITED STATES OF AMERICA)** and as such deserves not a respectable place among the family of nations and more significantly merits nil when the final account of Humanitarian efforts be tabulated by all that is holy and graceful in the universe. In My Humble Opinion.

We the people of the world hereby prevent the fbi, the cia, the militia, or any other government agency (or person) of the United States (or any other country) from dictating the terms of our surrender unto their authority, custom, culture, power now and for all times; in furtherance of this recognition, the world's population forthwith seeks to expose such dictatorial intent (and the techniques employed in support of same) by public investigation which serves on a continuing basis to protect and to defend the people of the world (now and in the future) from any form of inhumane governance. EVERY MAN/WOMAN.
